

Australian Visa Enquiry

To determine whether a passenger already holds a valid Australian visa or not from the Electronic Travel Authority System (ETAS). Follow below steps:

1. On the **Main Page** of Selling Platform Connect, expand the **Tools** menu.
2. In the **Tools** menu, expand **Australian Visa** and click on **Visa Enquiry**.

3. Fill in the passenger details as they appear on the passport and click on **Search**.

The screenshot shows a search form titled 'Tools - Australian Visa - Visa Enquiry'. The form has the following fields and values: Last Name: HAGHIGHAT, Given Name(s): HASSAN, Sex: Male (selected), Date of Birth: 28MAY1973, Nationality: Iran (IRN), Passport Number: Y33800636, Arrival Date: 12SEP19. At the bottom right, there is a red arrow pointing to a 'Search' button and a 'Clear' button.

System response:

```
